

Castle Bromwich  
Historic Gardens

# Independent by Nature

---

The most important day of your life deserves a special setting, a location that's enchanting, steeped in history and unique.

At Castle Bromwich Historic Gardens, we offer a formal English Country Garden without the formalities so you can create it just the way you want.

Giving you access to a beautifully restored 10 acres historic Grade II\* listed walled garden – one of the only remaining 18th Century formal English gardens in the UK.

The flexibility you desire and the freedom you choose to have your wedding, your way.

The perfect setting for couples who love the great outdoors.

# Creating Your Package

---

We help you create a package tailored to meet your needs and live up to your every expectation.

We can help with the planning as little or as much as you need. We have a list of preferred suppliers who will help you to deliver your special day or you can choose your own.

Preferential room rates possible at the adjoining boutique country house - [www.castlebromwichhallhotel.co.uk](http://www.castlebromwichhallhotel.co.uk)

All this for £2500 for a reception based on 200 – 250 people.

We can also offer you the opportunity to provide your own alcohol as a cost of £300. Plus the option of running your own licenced bar.

# Give Something Back

---

By booking your wedding with us you are helping to maintain an important piece of history for generations to come.

Castle Bromwich Historic Gardens is run by an independent Charitable Trust. Restored by volunteers for over 35 years to bring them back to their original 18th century beauty, we operate to make a difference and preserve a nationally significant garden.
